QUALITY POLICY

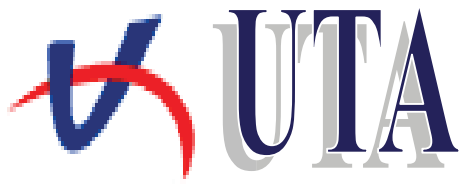

We at **UTA Electromechanical Works WLL**, operate our business in a manner that consistently meets or exceeds the quality standards set by affected stakeholders – being customers, industry regulators and the communities within which Company operations are conducted. The Company is committed to continuously improving the quality of its operations, processes and the services provided to its customers. Quality is a customer determination and we all at **UTA Electromechanical Works**, will strive to:

- Identify the changing needs and expectations of our customers.
- Maintain processes and procedures which ensure that these changes are accommodated.
- Provide services on time and at the competitive cost.
- Ensure an employment environment where continued improvement is encouraged.
- Adapt, innovate and refine our processes in line with global business trends to maintain credibility and leadership in our field.

The Company supports the adoption of ISO 9001:2015, OHSAS 18001:2007 quality systems with a view such that all stakeholders benefit from this quality commitment.

Managing Director
UTA Electromechanical Works

Health, Safety & Environment (HSE) POLICY

The Safety and Health of our workforce and our Environment Stewardship are just as important to our success as Operational and Financial Performance, Government Relations, Ethical Behavior, Corporate Reputation, Social Responsibility, Customer Focus and Employee Involvement and Commitment. We shall strive to make our facilities safer and better places in which to work and our attention to detail and focus on HSE will ensure high standards of performance. We are committed to a process of continuous improvement in all we do and to the adoption of international industry standards and codes wherever practical. Our efforts in the areas of HSE will be directed by the following principles:

1. **Accident Prevention:** We will strive to make our workplaces free of injuries and accidents with 100% safe work practices and safe conditions throughout our operations.
2. **Environmental Stewardship:** We are committed to the protection of the environment and shall Apply industry best practices as appropriate to minimize the generation of emissions and waste Throughout our operations.
3. **Risk Assessment:** Effective management of risk is fundamental to achieving safe operations. We Will systematically identify potential hazards, assess their relative significance, and develop reduction Measures and establish suitable controls to ensure that risks are minimized.
4. **Emergency Preparedness:** Being properly prepared for an emergency is of vital importance and is The responsibility of management, supervisors and employees at all levels. We will maintain emergency plans in cooperation with local authorities and emergency services groups to ensure a Prompt, effective and integrated response to minimize harmful effects from any incidents.
5. **Regulatory Compliance:** We will comply with all applicable laws, regulations, standards and Recognized codes of practice and commitment to safety, the protection of the natural environment and The health of our workforce.
6. **Performance Measurement:** We will establish appropriate measurement criteria and performance Indicators and measure our HSE performance regularly and at all stages of exploration, Development and production. We will monitor our operations for compliance with applicable HSE Legislative and regulatory requirements as well as for compliance with applicable standards, policies and procedures through periodic reviews and audits.
7. **Contractor Performance:** We recognize that our contractors are essential to achieving our HSE Goals. We will require our contractors to work closely with us to promote an excellent standard of HSE compliance and performance and to conform to the Company's policies.
8. **Continuous Improvement:** Our management systems provide a framework for setting targets, Measuring performance, managing risks, investigating incidents and reporting results. We will Employ these systems and encourage and require employee involvement to achieve continual Improvement in our overall HSE performance.

9. Communication: We will clearly communicate our HSE commitments, responsibilities and Performance to our employees, our contractors and the public and we will provide information to all Relevant parties on the safe use, handling, transportation, storage, recycling, reuse and dispose of Our materials, products and wastes.

10. Training: We will ensure that employees and contractors understand their HSE responsibilities, That they have the right training for their jobs and are competent to perform their assignments safely, Effectively and efficiently.

OUR PROJECTS

WATERPARK QETAIFAN ISLAND NORTH -LUSAIL

Client: Qetaifan Projects.

Consultant: ATKINS

Contractor: REDCO-AL MANA

Scope: Supply Internal, External, Façade & Themed Lights.

Project Description:

Qetaifan Island North, is the first entertainment island of its kind in Qatar and a key element of the Lusail expansion project. The project contains leisure attractions, luxurious hotels, unrivalled accommodation and world class facilities that make it a modern, globally-competitive community – all within a unique design that is inspired by the rich culture and natural resources of the Middle East region.

Part of Qetaifan Island (North Project Phase 1 – Package 3), the landscaped Waterpark has been designed as a world-class development that will not only appeal to international visitors, but will also take into consideration regional requirements, such as adequate shading and exclusive privacy. The Waterpark will also cater for female-only attendance and feature several conventional non-water 'dry' rides for extended family.

Including dry rides, water slides and fountains, there are 38 overall attractions in the park space. An important aspect of the park is the 85 meter Icon Tower which, situated on its own man-made island 300m offshore, will contain the highest waterslide in the world. The Icon Tower Island is accessed via a train and comprises changing facilities, F&B outlets, retail space and cabanas.

QATAR AIRWAYS ACCOMMODATION NEAR DIA - DOHA

Client: Qatar Airways.

Consultant: DAR Al-Handasah

Contractor: General Engineering Technologies (G.E.T).

Scope: Supply Decorative Lights.

Project Description:

It is a complex, which contains 543 apartments in four buildings that are arranged in a traditional form of an Arabic Mafruka. The facility, which has a modern contemporary theme, is designed to project the dynamic and progressive branding attributes commonly associated with Qatar Airways.

Each building is served by four lifts and parking for 280 cars is provided on the ground and basement levels. The planning of the complex is intended to foster an integrated community and this is supported by the central common space, which generates pedestrian links to the other open spaces and the lift cores, while still providing lifestyle enhancing communal areas.

COMMERCIAL MALL LULU - AT ABU SIDRA.

Client: Sheikh Mohamad Bin Hamad Al Thani.

Consultant: Arab Engineering Bureau AEB

Contractor: Shanoon Engineering Company.

Scope: Supply Indoor & Outdoor LED Lights & LED Poles Lights.

Project Description:

The project's scope of work consists of a 2-storey shopping mall located at Abu Sidra, Doha, Qatar.

The focus of this complex is the LULU Box, which crowns the entire shopping mall opposite the park and faces the main car parking area. The entire mall converges into the core of its structural shape that links both of the main entrances, generating evenly distributed foot traffic.

The complex facade system has been designed in an “easy assemble and production” manner offering modules that can be constructed and repeated through the project ensuring speedy project delivery.

PARAMOUNT HOTEL – PORTO ARABIA TOWER 7B

Client: Regency Group Holding

Consultant: GHD

Client: CRC Dorra Qatar

Scope: Supply Internal, External & Landscape Lights.

Project Description:

Paramount Residences, Doha, The Pearl comprises 196 one-, two- and three-bedroom luxury residences, with signature elements of Paramount Hotel & Resorts featured throughout, including a California-inspired environment from the bold yet subtly designed lobby to luxurious residences artistically designed down to the ultimate details of back painted glass décor, opulently retro faucets, and handcrafted, exquisitely finished wardrobe interiors.

The sleek, minimal finish in the kitchens is designed to be seamless and stylish when it's the backdrop to an intimate soiree – yet effortlessly functional and practical when the creative chef in you wants to do some serious cooking. With a residents' Private Movie-Screening Room, Pool with Cabanas, state of the art Wellness & Fitness Center and Kids' Studio Club, the Stage is Set for you to enjoy your exclusive lifestyle. Properties are freehold and open to all for ownership.

MOUNTAIN PALACE AT JABAL AL AKHDAR - OMAN

Project Detail:

Client: Private Engineering Office

Consultation: Corduff

Main contractor: General Engineering Technologies (G.E.T)

Scope: Supply Indoor & outdoor Light Fittings.

MESSILA RESORT AND SPA

Project Detail:

Client: PRIVET ENGINEERING OFFICE

Consultation: DAR AL-HANDASAH

Main contractor: GENERAL ENGINEERING TECHNOLOGIES (G.E.T)

Scope: Supply & installation Indoor & outdoor Light Fittings.

Project Description:

The Project is located at Al Messila Area in a prime location along the "D" Ring Road (Doha Express Way). The plot area is approximately 132,000 sq.m. and the total built up area would be approximately 50,000 sq.m. The aim of the project is to create an inspiring space for members and guests to focus on health and longevity, with enjoyment and fun interaction and education. In addition, and in order to encourage the long stay of guests, a number of other facilities have been planned to be developed, such as a 5- stars Hotel and a number of Guest Villas. Upon completion Al Messila VIP Resort & SPA would be the largest and most luxurious SPA in Qatar.

HOLIDAY INN HOTEL - DOHA

Client: Mohammad Bin hamad Al Thani

Consultant: AEB

Contractor: Metrix Qatar

Scope: Supply Indoor &Outdoor LED Lights

Project Description: The project involves construction of a 4 star hotel. The hotel will feature a 1,200 m² ballroom and supporting meeting rooms, as well as three food and beverage outlets, including an all-day dining restaurant and lobby lounge. It will also include a swimming pool and a spa.

THE GULF MALL AT AL GHARAFFA.

Client: Sheikh Nasser Bin Abdulla Al Thani/Business Trading Company.

Consultant: Arab Engineering Bureau AEB

Contractor: HBK Engineering Services.

Scope: Supply Indoor & Outdoor LED Lights & LED Poles Lights.

Project Description:

BUSINESS PARK & CROWNE PLAZA HOTEL

Project Description:

Client: Credo Investments

Size: 36,377 m²

The pointed apex of Prism Tower rises up from its urban setting to the sky, its recognizable profile soon to be a permanent landmark on the skyline of Dubai's Business Bay. The building, owned by Credo Investments, consists of three basement and 3 floors of above ground podium parking levels, one retail floor on the ground floor and 30 storeys of prime Grade A offices. The spacious roof terrace is a dedicated space for the building's extensive amenities – sauna, Gymnasium, swimming pool, and shaded sitting areas.

THE BURJUMANCENTRE APARTMENTS & OFFICES TOWER

Client: Burjuman Centre

Architect/Consultant: Dar Al Handasah& KPF J.V.

Main Contractor: Al Habtoor Murray Roberts

Scope: Supply Indoor & outdoor Light Fittings.

Project Description:

Ever since opening in 2000, Dubai's Burjuman Centre has been a jewel in the crown of Middle East shopping, characterized by top brands, up market custom and relaxed ambience. It is a "must see" for overseas visitors and a major focus of the annual Dubai Shopping Festival.

In 2004 the Mall began a huge expansion project designed to turn it into a "total destination" incorporating luxury apartments, a business centre, conference hall and sporting facilities.

The completed development of 4.4 million square feet increased the number of outlets by 50% and almost tripled available retail space.

Project : THE PEARL - QATAR
Subject : VB - 6, 7 & 19 (TOWERS)
MATERIAL SUBMITTAL- EXTERNAL & LANSCAPE LIGHT FIXTURES (LML- UK)

Dear Mr. Soliman,

Reference your letter # (CEC/UDC/05/2015/L43 dated 10/05/2015 received on 18/05/2015) regarding the above subject. Please find below our review comments and stamped copy of F20 form (A & B).

General Comments:

1. All fittings sizes and finishes should be coordinated with architectural finishing and approved by the Architect.
2. The installation should be as per the approved shop drawings and engineer instruction.
3. Warranty certificate in compliance with the contract specifications shall be submitted to the project consultant.

Type	Status	Comments
L107,UP100,UP101,UP103, UP104, UP105,DL101,L100, WL101 & DL100	No Objection	Approved equal
BLO1,ULO1,ULO2,ULO3,ULO4, RPL01, RPL02,PL01,SL01,SL02, CL01, PL01& BW01	No Objection	Approved equal
OL (Aviation Light)	Not submitted	To be submitted in compliance with the attached technical specifications.
P01	Tower consultant's scope	The submitted fixture is for internal use only. The tower consultant is requested to review this fixture in compliance with the project specifications & drawings.

You are requested to submit a request for inspection along with a certificate of country of origin prior to proceed with installation, otherwise your submittal will be considered not approved.

Yours Sincerely,
For / **UNITED DEVELOPMENT COMPANY**

TAKE A MOMENT...

8th May 2014

To whom it may concern,

UTA Electromechanical Works LLC were the sole supplier of all internal and external lighting fixtures and fittings at Crowne Plaza Doha – The Business Park, IHG's leading Crowne Plaza hotel in the Middle East & Africa. The quality and support given by UTA have been exemplary, with advice and supplies still being sourced almost 2 years from opening the hotel.

I would definitely recommend UTA for any future IHG projects in the region as it is key to have partners that can be trusted and relied upon.

Regards,

Mr. Jamey Ford

Director of Engineering
Crowne Plaza Doha –The Business Park
